

Now watch 3D movies in your pc/ laptop

Now Watch 3D Movies On Your PC/Laptop by Using VLC Media Player

The world are now addicted 3-D movies. Every week, a new 3-D movie has been releasing and there is need to be surprised about it as the trend for 3-D films is rapidly increasing.

Here i would like to tell you a simple trick to watch 3-D "BLUE-RAY"

FIRSTLY PLAY ANY MOVIE THEN FOLLOW THESE STEP

Half SBS films in ur pc using VLC Media Player.

Step 1-Open VLC Media Player

Step 2-Click Tools

Step 3-Select Effects and Filters

Step 4-Choose Video Effects

Step 5-Then Vout/Overlay

Step 6-Now u can see a box for 'Wall'

Step 7-Click on that box and arrange rows-3 and columns-2

Step 8-Now vlc will appear in a multiple window

Step 9-Choose any one of that window and watch it in full screen and get the 3-D effect..Enjoy!!

OR

If found error with older versions of vlc then VLC version 2.0 try this

Step 5-Then "Geometry"

Step 6-Now u can see a box for 'Wall'

Step 7-Click on that box and arrange rows-3 and columns-2

Step 8-Now vlc will appear in a multiple window

Step 9-Choose any one of that window and watch it in full screen and

Get the 3-D effect..Enjoy!!

FOR AGAIN PREVIOUS EFFECT OR 2-D THEN REVERSE THESE PROCESS OR UNCHECK "WALL" BOX
