First of all, head over to this link: <http://www.NaturebucksRegister.tk/>
Scroll down a bit and fill in the form to register.

The registration form is titled "First Name" and "Last Name" with input fields. Below these are "Username" and "Password" fields, both with a "(4-25 characters)" hint. There are also "Password Again", "E-mail", and "E-mail Again" fields. The "Mailing Address" section includes "Address 1", "Address 2", "City", "State/Province" (a dropdown menu currently showing "Alabama"), "Country" (a dropdown menu currently showing "United States"), and "Zip/Postal Code". A "Security Code" section features a CAPTCHA image showing the code "xirxws" and an empty input field below it, with a blue link "Audible Code" underneath. At the bottom, there is a checkbox (circled in red) for agreeing to the "Terms and Conditions" of NatureBucks, and a "Register" button (also circled in red).

☐ I have read and agreed to the [Terms and Conditions](#) of NatureBucks.

Be sure that you clicked the checkbox after you read the [Terms and Conditions](#). Else you are not able to register.

After you have clicked the box and you have filled in everything correctly you can continue by pressing on "Register".

Congratulations! Now you are successfully registered!

Now it's time to login. Click on "[Login](#)" in the navigation bar.

Fill in the form with your login details that you entered on the register form. And press "Login".

A login form with two input fields: 'Username' and 'Password'. To the right of each field is a blue link: 'Forgot Username?' and 'Forgot Password?'. Below the password field is a checkbox labeled 'Remember Me'. At the bottom is a 'Login' button, which is circled in red.

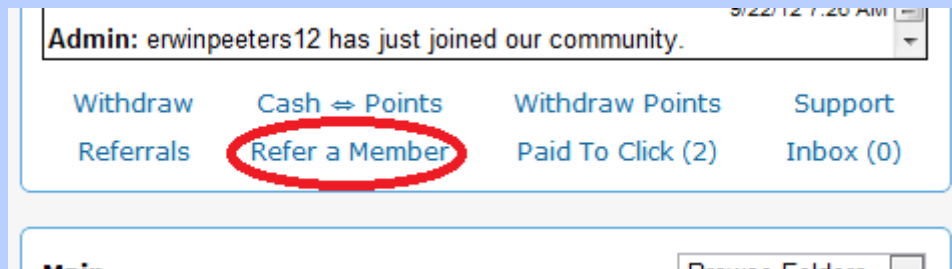

Now you can see offers that you need to complete to earn money. Search one that you want to do and read what you need to do to complete the offer.

An offer card titled 'European Special Survey Router' with a blue link. Below the title is the text 'Complete the survey (Can be completed daily)'. The 'Amount' is '\$0.42'. The 'Offer Rating' is a smiley face icon followed by the text 'This offer has been completed 18 times.' At the bottom are four buttons: 'Submit' (circled in red), 'Ignore', 'Report', and 'Help'.

Click on the blue link to go to the offer. After you have completed the offer you have to click on "Submit", else you will not receive your money.

After you have submitted you need to wait a while before you get your money, they have to check if you did the offer right.

Now there is also a manner to earn more money while you are doing the offers. Click on "[Refer a Member](#)".

Referrals are people that join the website via your link. When those referrals complete an offer, you will receive 20% of what they earned. So if they did an offer of 1\$ then you will receive 0.20\$. It doesn't look much, but imagine if you have a lot of them.

Move your mouse on the "Rewards" button and click in the submenu that shows up on "[Withdraw Cash](#)".

You can choose what type of payment you want. I always choose for the PayPal Instant because the minimum is just \$0.05 and it's instant. You can choose something else if you want.

A screenshot of the PayPal Instant withdrawal form. The form has a yellow header with the 'INSTANT PayPal' logo. Below the header, there are several fields: 'Minimum \$0.05', 'Withdraw' (with a value of 1.27), '-PayPal- Account', and '-PayPal- Account Again'. A red circle highlights the 'Withdraw' button at the bottom of the form.
