## **A Brief Word**

This must be one of the shortest eBooks I've ever written. I went through it a couple of times to see if I could add some extra stuff that will help you with the process. But, I did not find any more stuff to add since the process is so damn easy.

Seriously, this may be the easiest method to make REAL money really fast. Read it carefully and proceed one step at a time. I am quite sure that you will get tons of money with this method in very little time.

The advantage of this method over other methods is that it is not boring. You do not need to do any serious work ect... You will see results in no time. REALLY!

# The Method

First of all I have to tell you that this method consists of 2 parts.

1st Part: Buying something cheap that looks expensive.

2nd Part: Finding someone who will buy this thing for much more.

You probably understand the concept of this method right? If not, do not worry. I will go in more details below.

**OK, here we go...**

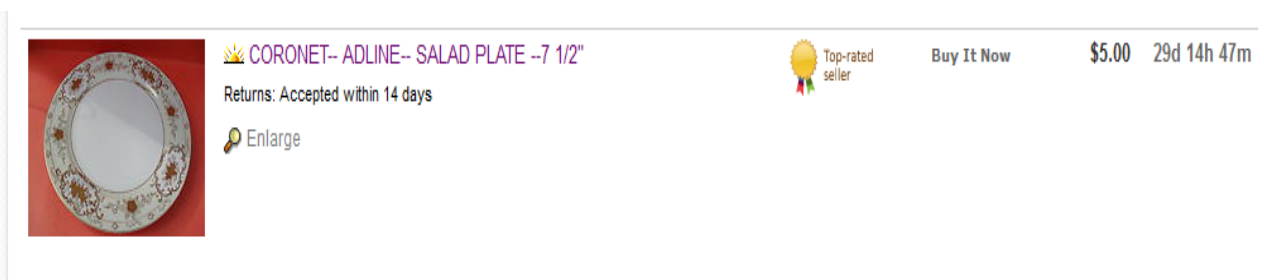

## **1st Part**

### **Buying something cheap that looks expensive.**

Yeah I know what you mean. I have to invest my own money AGAIN. Yes it is true, but you will need to invest only about 5\$. Do not worry because you will make HUGE profit out of this 5\$.

Next thing you have to do is visit eBay or any other internet market or ordinary market.

You will be looking for something cheap that look expensive. For example China plates. Here is the example:

Buy this "China plate" and wait that you receive it.

## **2nd Part**

**Finding someone who will buy this thing  
for much more.**

### **1st part of 2nd part**

Just go outside and find suitable place for your  
standing. Imagine standing something like this:

Ok when you have your standing set, find some items at your home that you can sell also. Place them on your standing. Of course the magic thing you will be selling is "China plate". Make sure that plate will be WELL exposed. Ok now everything is set up. Now we just need to find buyers.

## 2nd part of 2nd part

I know what you mean now. I will be standing whole day at standing to sell this plate or even XY days...  
Nope you are wrong. It will take very little time. MAX 1 hour. **TRUST ME!**

First of all we will need partner. Try to find cute girl. If you will not find a girl do not worry it can be guy also. Your partner will be "selling" things at standing.

Now it is your turn and the best part of this method. That is why method is called "**BRAIN FREEZE**". Playing with other people brain without them even to realize.

For this you will need cell phone. Do not worry you will NOT make any calls. Your cell is just for decoration. You will talking with yourself ;)

Ok. Now it is time that you go to coffee bar near your standing. Walk in with your cell phone pretending that you talk with somebody.

It is time to find victim. Just look over coffee bar fast and find someone for who you think that will buy your plate. Then approach carefully. Try to go near them. About 1 meter from them. Now try to get their attention.

How to get attention? EASY!

Just talk about you plate with yourself with mobile phone on. LOOK EXCITED!!! Here is how conversation should look like:

"Hello John. I am calling you cuz I need you to do something for me. I was walking to coffee shop when I saw standing near coffee shop where girl sells expensive China plate. This plate is worth more than 600\$ on eBay. I will sell it easy. It is from Xin Dynasty. Probably the girl on standing don't know how this plate is worth. She is selling plate for just 50\$. That's why I am calling you. I do not have enough money with me. Please go to that standing (mention the place where your standing is) and buy this plate for me. I will return you money when I get home. We will also split money when we will sell this plate on eBay for much more. Just make sure that you will arrive there fast that somebody else do not buy it. "

Just talk with yourself something like this and tell lot of bullshit how much plate is worth, from which century plate is, how easy will you sell it further with profit, etc etc. You will for sure get 100% of their attention. You can not fail at this. Thats because people brain works in way of easy money. They are greedy also. They imagine how much money will they earn so easy.

Just ask yourself. Wouldn't you do the same if you would hear that information? **Of course!**

Now you just need to wait that your victim come to standing and buy the plate ;)

**PROFIT:** 50\$ - 5\$ = 45\$ PURE PROFIT

Just repeat method over and over again and earn big. You should have HUGE PROFIT if you followed my steps correctly.

Proof of my earnings in just 2 days:

Earning money was never so easy before.

To your success.!
