DETAILS NEEDED FOR ACH TRANSFER

name on account
Online Username and password
all security questions and answers
account number
routing number

and a VPN OR RDP with a good ip check on whoer.net must not be blacklisted once its NO NO
you are good to go
not all banks in USA offers ach transfer only 30% does and some banks do also but are not good
for ach external transfers

to get the bank drop website just google the bank name or use the routing number to search for the bank on google also once you got the bank website login with the drop online information some banks may require to send code to the client's phone or email that means client must be ready online to provide you the code but once you are able to login just go under TRANSFERS AND PAYMENT click on that then check below for external transfer click on that also then you will see something like ADD EXTERNAL ACCOUNTS or MANAGE EXTERNAL ACCOUNTS click on that also you will be taken to a page where ROUTING NUMBER and ACCOUNT NUMBER of the fullz or bank login you wanted to shoot the money from

PERSONAL FULLZ DETAILS

name on acct

dob

ssn

mmn

billing address

phone number

drivers licence number

account number

routing number

bank name

if you have the online username and password of the fullz that means its a login but if not its fullz

COMPANY FULLZ DETAILS

bank name

company name

address

phone number

account officer or manager

tax id

so you only need the routing number and account number of either the company acct or personal acct you will using to fund your drop

click on add account then enter your routing number and account number some banks will ask for the name on account of the acct you are trying to add to your drop you just enter the name of drop you are shooting money to as the name on acct if asked for acct nick name just enter anything eg GOOD or SAFE anything you like even your street name lol ...so click on proceed you will see 2 options

OPTION 1

will you like to verify this account instantly ?

you can only do this if you have the online access of the fullz u wanna move the money from wich is ur login

OPTION 2

will you like to verify this account using trial deposit wich may take 2-3 business days

then you choose the option 2 once you are done just logout from your drop

then the following day around 12 call the toll free number of the fullz you added to the drop i

suggest using BANK OF AMERICA or WELLSFARGO

use automated service you will be asked for the acct number you wanna call then later the last 4 digit of the SSN if its a personal acct or last 4 digit of the TAX ID if its a company then if valid you will hear the available balance on the acct the machine will ask what else do you want to hear then you will say or choose hear my account ACTIVITY under the acct activity you will say or choose hear DEPOSITS activity this is where you going to get your trial deposit code sent from the drop u wanna load so just save the code in a notepad when you hear them code will sound like this 0.45 and 0.57

you will hear something like this a credit of 0.45 from bank you wanna shoot money into on 10th of august 1960 thats it some banks like HIGHER ONE will send 2 credits and debits that usually takes 2 days or more to get the code

so now we have our trial code

login back into your drop and go to your external transfer you will see the fullz you added yesterday with a message PENDING VERIFICATION then click on VERIFY NOW button a box will pop up for you to enter the trial code some banks will add the 0 already just enter the numbers that follows like 45 or 65 and some banks will not so you just enter 0.35 or like this then click on verify you will get a message your acct as been verified now lets proceed to transfer money into our drop go to your EXTERNAL TRANSFER the fullz you added to the drop will be listed eg WELLSFARGO xxxxxxxx4547 so you choose this as FROM then TO will be the drop acct it may be checking or savings some accounts you will see the limit wich you can transfer but if not try \$4850 first if did not go through the limit will be revealed you will see acct MEMO just enter anything like cash payment or house renovation ...send on will be ONE TIME or THIS DAY then proceed you will be taken to a page where to review your transfer details then proceed and you will have your confirmation details !

ALL DONE ,,,,you will get the date of when the funds will be available !!!!

any problem you have or question feel free to holla at me
