The ultimate method to teach you how to make money via Affiliate marketing. A PROVEN method to earn \$100-400 PER DAY!

Finding Your Network

I would recommend a total of three popular networks, these include:

SellHealth (www.sellhealth.com): This is a great network with fast and easy support, they pay via bank transfers or check bi-weekly and pay \$300 or more per sale.

PayDotCom (www.paydotcom.com): PayDotCom has a wide and varying range of products. Payments for this network are via PayPal and payment is upon request.

ClickBank (www.clickbank.com): One of if not the most popular Affiliate site on the market today, ClickBank offers a massive selection of products which pay via Bank transfers or Checks.

Finding your specific product with high commissions can be found on sites like www.cbengine.com, though you can also find similar sites on Google.

Next you will want to see how much traffic your specific keyword will get, to do this you will use Google Adwords Keyword tool located at <http://www.adwords.google.com/ko/KeywordPlanner/Home>.

Creating or Finding Your Video

Now we will need to find the right video for you, for this step you can use someone else's existing video or you can create your own. To download someone else's video we will download it via <http://www.keepvid.com> on the highest possible video quality. After downloading the video open a video editor and make a few subtle changes to prevent the Youtube Spam filter from removing the video.

The video player shows a man in a plaid shirt speaking. Overlaid on the video is a screenshot of Clickbank statistics. The statistics are as follows:

Clickbank Statistics			
Clicks	87552	Average Sale	\$6.14
Sales	342	Campaign Cost	1590.00
Sales Value	2095.68	Profit	2185.68

Click to Sale (CTR)	0.39 %	ROI	2131.00 %
Referrals	6	Cost per Action (CPA)	178.00
Click To Action (CTA)	0.00 %		

Below the statistics, there is a small inset video of the same man speaking.
