

BITCOIN INSTA GAIN METHOD

INSTANT SET-UP – THE **BITCOIN INSTA GAIN METHOD** YOU WILL EARN, IF YOU WILL FOLLOW. GUARANTEED.

This is a **no bullshit** method and I won't start chattering about how you're going to make millions or Photoshop some fake „proofs“. This just works. No gimmicks. Last updated: 17 June 2016.

You **DON'T** need:

WEBSITE
CPA
EBAY, AMAZON
YOUTUBE
INVESTMENT MONEY

You **NEED** only:

Take action and watch how this works for you passively, by doing nothing. This is a set-up and leave method, it is blackhat and it will be saturated in future, but right now? Right now it's making people 50\$ a day JUST FOR FEW PROGRAMS SITTING IN BACKGROUND. Meanwhile you can just try other methods.

Now keep in mind this guide does include affiliate links, but the programs are free and they are making you money so for me selling this method to you for so cheap, it's the least you can do. Now to the method..

BITCOIN INSTA GAIN METHOD

Step 1. HOW TO GET BITCOINS.

You need a [BITCOIN WALLET](#), if you have one then you're good to go. If not I recommend you [LOCALBITCOINS](#), because later you can also trade your BTC to dollars or euros or whatever currency you are using.

Step 2. SIGN-UP TO THE PROGRAM.

We're using a traffic network that pays users with bitcoin, [CLICK HERE TO SIGN UP](#). This is essential.

Step 3. SET-UP

Now once you have an account on the network (should be instant) from MENU go to „EARN“ and there you get your URL to promote.

Step 3.1

Now we need automated FREE traffic so we could get paid by the network. I present you this completely free program, that provides 10k hits per day, but a lot of them don't go through. [SIGN UP HERE](#) but please follow the instructions regarding antivirus. It's explained on their webpage.

You open this program, add your url from step 3 and that's it. Passively working ad clicking. Easy.

Step 4. HOW TO MAKE THIS MUCH, MUCH FASTER AND BETTER

Now you have free clicks but this is VERY SLOW. You will not be making much with that, but it's free as promised. IF you want to make REAL BANK, then you're going to need to use [HITLEAPS](#) and make a investment as little as 21\$ to make HUGE RETURN. Now you can use [HITLEAPS FOR FREE](#), too, it works as an autosurf program that surfs automatically for you, but if you make the investment it will do automatically all the work for you, it works very well.

NOW YOU JUST WAIT FOR HITLEAPS TO DO THE WORK AND WATCH THE BITCOIN COME IN!

Step 5. MAKE IT EVEN BIGGER

You can make EVEN more clicks with more autosurf programs if you want! All for free, but you have to surf first for points. The sites are [THIS OTOHITS](#) and THIS [HITSPRINT](#) but if you're interested then there's listed [MORE THAN 20 AUTOTRAFFIC SITES](#). This is so easy, fail-proof. Just take action. It'll take you 2 minutes!

BONUS METHOD #2:

Notice how everything's URL shortened? Yeah, real annoying. Sorry about that. How about you use it, too? Look at bonus method #2 and sign up to [THIS SHORTENER](#) and start making money off the links. Or you can link anything, shorten a forum url and show your friends and forums. Get creative.
