Introduction

Welcome! Congratulations for taking the first step to becoming a supreme online monetizer! In this ebook you will learn the exact method I used that made me thousands and thousands of dollars no questions asked.

I have been interested in online monetizing for about two years now. I bought countless ebooks and read many unhelpful tutorials. I thought I was hopeless all until I thought up this life changing method.

Without further ado, put on your reading glasses and get ready to start earning!

Getting Started

The first step to this method is to sign up on a website such as freelancer.com

After signing up head over to the search bar and search "ebay"

After searching ebay you will get TONS of results with people looking for ebay sellers as seen below.

Project Name	Bids	Skills	Started	Price (USD)	
eBay Lister	14	eBay	Jan 2, 2014 Ends - 5d 1h	\$135	★
Ebay seller	14	Internet Marketing, Sales, Marketing, Advertising, eBay	Dec 30, 2013 Ends - 23h 4m	\$5466	★
eBay Seller	8	Sales, Marketing, eBay, Anything Goes	Jan 1, 2014 Ends - 4d 2h	\$454	★
Experienced eBay Sellers Needed!	4	Internet Marketing, Sales, Marketing, Advertising, eBay	Jan 3, 2014 Ends - 5d 23h	\$20 / hr Ongoing	★
eBay Sellers Job	17	Sales, Marketing, Advertising, eBay, Anything Goes	Dec 7, 2013 Ends - 5d 2h	\$525	★
Design an eBay listing	9	Graphic Design	Dec 30, 2013 Ends - 2d	\$50	★
Ebay Account Required	6	eBay	Jan 2, 2014 Ends - 4d 17h	\$40	★
Ebay Sellers wanted	6	Internet Marketing, Sales, Marketing, Advertising, eBay	Oct 15, 2013 Ended	\$109	★

Click on one of the ads and make a bid for the job. Most of the sellers will pay you around %20 to %40 of the profit made from selling these items.

Now you're probably thinking "Ugg, I hate selling on ebay!" Well guess what, you don't have to!

Head over to hackforums.net and make a thread in the buyers bay that looks something like this (do not copy exactly):

"Hello guys, I am looking for a trusted user that is willing to sell a couple items on ebay for me. I will pay you %10-20 of the profit. If you are interested please PM me."

After you have arranged the person who is trying to sell the item, get all the details and give them to the user on [hackforums](http://hackforums.net). After the item sells, the [hackforums](http://hackforums.net) user will pay you, then you pay the freelancer. It's easy!

Closing

By now you must understand how this method works! Find someone on freelancer who is looking to sell an item and give you %30-%40 of profit THEN find someone on hackforums who is willing to sell the item for %10-20 of the profit. This means you could be leaving with 10%-30% without doing anything!

Once you find a fast responding and reliable seller on hackforums you can constantly check freelancer for someone trying to sell there items. Snatch up the job and give it to the HF seller.

Enjoy the method and make sure you check out the bonus ebook that was included in the rar!

Now get ready to start raking in the cash!

Introduction

I hope you enjoyed the first method I taught you guys but if that one just isn't your cup of tea OR you just want to make some extra cash this will definitely boost your income. This method is blackhat so I suggest you either use a VPN or buy an RDP while completing the setup and steps of this process.

Getting Started

Create a new paypal account using an RDP/VPN with an alias from fakenamegenerator.com.

Verify your account with a VCC (virtual credit card) if possible.

Create a new Freelancer.com account with the same name you used on your paypal.

Make an ad on Freelancer saying this (do not copy the exact thing):

"I have a bulk amount of unlocked iPhone 5s's that I am going to need to be sold on ebay. I would like to sell these for about \$500 each and can give you %20 per sale if you do well. You must have at least 25 positive feedback on eBay and be good at what you do to take this job. Thanks"

I usually go with small project as it attracts a lot more people.

From there, the seller contacts you or you contact them preferably through skype to sell the phones. Now here's the catch, you have no phones to ship. They'll have the funds released to them instantly when the phone is sold due to their high feedback. Once it is sold they will take out there cut and send you the rest of the money along with the shipping details.

After the money is sent, I suggest buying BTC's or transferring it to another PayPal because the seller will probably chargeback.

Rinse and Repeat with a new IP.

Closing

Do not always use an iPhone, try different expensive items.

After the payment is sent to you buy BTC or transfer it as fast as possible.

Act as professional and mature as possible when speaking to the seller.

Enjoy the easy money!
