After you have done STEP 1 and STEP 2 you will need to go to <http://latium.cc/login/affiliates/panel.php#Home> and grab your UNIQUE URL and spread it on other forums. Once they register on that you will receive \$1. If you requested a payment your coins will go to coin-swap where you can convert it to BTC.

I myself don't like spreading referral links but this one is so easy that I love it ;)
