How earning works

The Bubblews community is a patent pending system that enables our users to enjoy our community (without a cost) and share in the ad revenue growth. In fact our revenue model is simple: We split the ad revenue we make off each post with the author 50/50. You will get paid for every view, comment, like/dislike and social media share that your posts gather. Write Your World. Speak Freely. Join the movement. The time of not sharing revenue with the very people who create your content is OVER! Bubblews.

How will you earn money with Bubblews?

SECTION 2

It is simple. Bubblews pays for every unique view, like, dislike, comment and social site share of *your posts*.

Okay fine. But, how to post?

The screenshot displays the Bubblews website interface. At the top, there is a navigation bar with categories like 'All News', 'Art', 'Articles', 'Beauty', 'Business', 'Cool', 'Crime', 'Entertainment', 'Fashion', 'Food', and 'More...'. Below this is a header section with the 'BUBBLEWS' logo, a 'Submit' button (highlighted with a red box and a red arrow pointing to it with the word 'Click'), and a 'New Bubbles' button. A search bar is also present. The main content area features a 'New Bubbles Stream' section with a large image of a mouth and a post titled '62 - One Day Soon - March 1995 - Poetry from The Dark Side of My Mind' by 'briansadragon'. To the right of this post are 'Like this' and 'Dislike this' buttons. Below the stream, there is a 'The Week's Top Bubbles' section with various posts categorized by day (Sunday, Monday, Tuesday) and topic (e.g., 'A Cold Day On The Lake', 'NATIONS...', 'Advertising...'). At the bottom, there is a 'HEROES & GENERALS' banner with a 'PLAY FOR FREE' button. The bottom right corner of the image contains the text 'Downloaded from 1337x'.

After clicking Submit,
something like this should
appear:

Submit

Post title (required)

Choose Category

Choose Layout

Upload picture (1MB max each)

Content (required)

Note: Add http:// to your url so they can be automatically linked.

Submit news

The most important part: *your post*. To gain the most traffic, the title must be **catchy**, as well as the **picture** which will be shown near the title. These are the most important things to get views.

As I said before, Bubbews also pays for likes and comments, so the content must be interesting and unique.

Remember that the post **MUST CONTAIN MORE THAN 400 CHARACTERS!**

Moreover it can not be pornography etc.

Now you probably wonder: Oh my god, 400 characters minimum??

Well, you do not have to write everything by yourself.

SECTION 3

Finding materials:

Art	Ideology
Articles	Misc
Beauty	Music

Content: Dallas police officials made a public plea this afternoon for help solving the "brutal murder" of a 79-year-old woman found dead in her East Dallas home over the weekend.

Avanell Cowgill was found dead in her home at 11357 Earlywood Drive, near Jupiter Road and E. Northwest Highway, on Saturday night by officers conducting a welfare check.

"The motive is unclear," said Major Jeff Cotner. "Detectives are working with Ms. Cowgill's family on what property, if any, has been removed."

Oak Farms Dairy is offering \$10,000 for information leading to an arrest and indictment in the case. CrimeStoppers is offering up to \$5,000 for information in the case.

Cotner said investigators canvassed the neighborhood for leads, "but we need the public's assistance in solving this crime."

Remember that you can not just copy – paste articles, because Bubblews might not pay you for copied posts.

So, the title is: “Dallas police call again for public help solving ‘brutal murder’ of 79-year-old woman”

Your post title must be a bit different. You can make it “Brutal murder in Dallas”. It is short and a lot of people will click it.

You have to change the content as well. Just paraphrase the sentences to not make it plagiarism. 400 characters is not actually so much.

To speed up the whole process of posting and paraphrasing articles on bubblews, you can use a very useful thing.

What is it? Auto-Paraphraser!

Here is link to this tool:

<http://autoparaphrase.webs.com/>

You just put text (less than 500 characters) and click

“Paraphrase!”.

After doing so, just click on “See results”. A new page will start loading, you will have to click “Skip” in right upper corner in order to see the direct page with paraphrased text. Now just check if it looks fine.

That is just an example, you can post anything you want, tutorials, jokes, anything what fits to the categories. It is easier to earn money than you think. For spending like 30-40 mins per day you can easily make pretty good revenue. Revenue without any investment except your time.
