

UK BANK TRANSFER TUTORIALS PART 1

Ok so today am going to give a complete step-by-step tutorials on how to do a UK bank transfer. Am going to make this tutorial very very easy to understand so that even a 1 year old can follow and do it. If you are a noob who doesn't have the basics on online job, you can go to my telegram channel (https://t.me/freemethods_tut) and on the Basics and come back.

Reason Why UK Bank Transfer is one of my fucking favorites Jobs

1. Almost all scam jobs & Online transfers are centered on USA so there is less attention on UK scams, because of this, it takes a very long time for UK transfer jobs to cast since only a few people are cashing out there.
2. Daily Transfer Limit to another U.K bank is £50,000. Daily transfer Limit between Between same bank like Barclays bank is £250,000 .

Are there limits to the amount I can pay in Online Banking?

The limits to how much you can pay out [in Online Banking](#) depend on whether you're a Personal, Premier or Business customer.

✓ [Personal customers](#)

The overall daily payment limit to other people in Online Banking is £50,000.

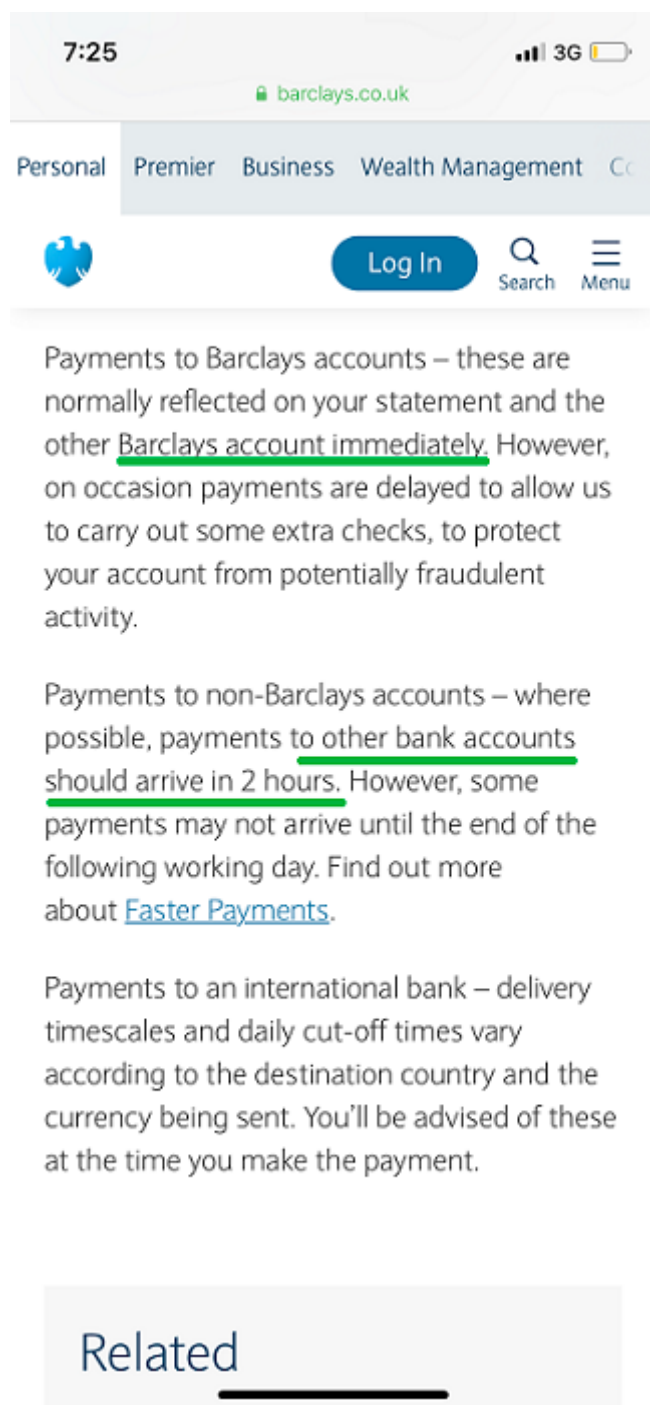

For transfers between your own Barclays accounts, the limit is £250,000 per transaction.

For third-party payments and standing orders, the limit is £50,000.

To make payments over these

3. Money transfer from Between same banks is instant!! Transfer to another Bank in UK reflects in just 2 hours on the same day!!!!.

The screenshot shows a mobile application interface for paying an account. At the top, there is a blue header bar with a back arrow and the text "Pay an account". Below this, the "From" section is labeled "CURRENT ACCOUNT" with the account number "20-09-32 23956785" and a right-pointing arrow. The "To" section is highlighted with a green border and contains the text "Add/select payee" with a right-pointing arrow. Below this is the "Amount" section, which has a label "Amount" and a text input field with the placeholder "£ Enter amount". Further down, there is a section titled "What sort of payment is this?" with a radio button selected for "One-off payment" and the date "2 March 2020". At the bottom, there is a blue navigation bar with five icons and labels: "Accounts", "Products", "Pay & Transfer", "Help", and "More".

11. If this is your first time adding this info, click on **Add new payee.**

You can follow this telegram channel to be updated with new tutorials posted
https://t.me/freemethods_tut

12.Now scroll down the page to input your UK drop or receiver info.

← Add new payee Cancel

Search for a company >

OR

Enter your new payee's details

Payments to UK accounts are processed based on the sort code and account number you give us, not the name of the account you are paying. Please ensure the sort code and account number details are correct.

Payee name

Full name or company

Sort code

Accounts Products Pay & Transfer Help More

13.The **only** information you need from a UK bank drop or client is his Name, Sort code and Account number, you don't even need his bank login info. So fill this info below.

You can follow this telegram channel to be updated with new tutorials posted
https://t.me/freemethods_tut

← Add new payee Cancel

Payee name
Full name or company

Sort code

Account number

14.Ok done. Am covering the sensitive information since this a public tutorial.

You can follow this telegram channel to be updated with new tutorials posted
