HOW TO FIND THE PASSWORD OF LOCKED MEMORY CARD !!!

1. Insert your card into your phone, without accessing it through the phone.

2. Run FExplorer(file explorar) and Open the path C: \system

3. Find the file called mmcstore,and rename it mmcstore.txt

4. Copy that file (mmcstore.txt) to your PC and open it in Notepad

5. Your password will be located within that
