step -1 select image which u want to stenography and paste on desktop like abc.jpg

----

----

step-2 open notepad and write message which u want to write then also paste on desktop and like cde.txt

step-3 opeb cmd and type below line

"cd desktop" (if ur image put on desktop) then hit enter

now type

"copy /b abc.jpg+cde.txt newimage.jpg" (dont forget to space bw copy and /b)
now u can see on desktop a newimage file

after that u can see ur message behind image just open ur image with notepad

enjoy!!!!!!!!!!!!1
